

## RESTRICTION

The Examiner has restricted the pending claims as follows:

Group I: Claims 1-10, asserted to be drawn to a process (class 438, subclass 687); and  
Group II: Claims 11-20, asserted to be drawn to a product (class 257, subclass 762).

## ELECTION

The Applicant hereby elects process Claims 1-10 in Group I, with traverse, as the Applicant believes that the Group II product claims are integrally related to the Group I process claims. The presently claimed product or composition of matter is uniquely synthesized only by the steps of the claimed process or method.

## REMARKS

Thus, the Applicant respectfully submits that herein elected Claims 1-10 in Group I are believed to be in allowable form. Therefore, favorable consideration of the foregoing election, made with traverse, and these remarks are kindly requested. *The Examiner is cordially invited to telephone the undersigned for any reason which would advance the pending claims to allowance.*

Respectfully submitted,
